ANNOUNCEMENT – NEW CEO

July 30, 2021

The Board of Directors at United Wisconsin Grain Producers LLC (UWGP) are happy to announce the hiring of Lee Olson as company Chief Executive Officer (CEO). Lee brings a wealth of experience in the ethanol industry having worked in production and management of plants and as of late for technology provider ICM. Lee has been in the industry since early 2000's. Lee was a former employee of UWGP three years ago and took on another challenge with ICM/ELEMENT where they have every ICM technology on market and some to come at their latest plant design. Lee has resided in the Beaver Dam area where his wife Sammi manages the Sake House. Together they have three kids, Xavier, Abbie and Jayden. We welcome Lee back to UWGP.
